

District 6910 Youth Services needs our support!

Rotaract

District 6910 and our youth services team are rolling out a new opportunity to support and build a stronger future for our current involved youth and potential future Rotarians. Our district currently supports over 75 interact clubs, an annual youth leadership camp (RYLA), over \$5,000 of annual college scholarships, and multiple other programs designed to help support and empower our youth. We've done a good job, but I think we can do more. We're embarking on this campaign to gather more resources, more opportunities, and more possibilities for our youth. 100% of all the funds contributed to this campaign will go directly to the benefit of the students. Your dollars will have a direct impact and we welcome you to share this experience through the following sponsorship levels:

The Power of Rotary Sponsors: Priceless

- The youth services team understands that not all fellow Rotarians have the financial ability for monetary contributions, and that's okay. If we can achieve our goals through what I like to call the "Power of Rotary" then that's just as valuable to our end goal. So, if you have connections, suggestions, recommendations, or outstanding favors; we'll accept all the support we can gather, and you'll get the above recognition level based on an approximate value of that donation.
